For Sale

Location: **Adelaide**
Asking: **\$56,344.00 + stock at valuation**
Type: **Health/Beauty**

Fully Managed Hair Salon with 3 Rental Beauty Rooms Premier Eastern Suburbs Shopping Strip

What if you could take an already established, revenue-generating salon and build it into something much bigger?

This salon is currently operating with just one hair professional across 9 styling stations.

That means the business is already generating income without using anywhere near its full capacity.

The opportunity? Maximising what is already there.

THE FOUNDATION IS ALREADY BUILT

You're not starting from an empty shop.

You're stepping into an established salon with:

9 styling stations

2 wash basins

Dedicated beauty room

Existing clientele

Established location

Current revenue

Fully fitted premises

8 additional styling stations ready for growth

The space is there.

Australia
Broker Ref: 26297

The infrastructure is there.

The revenue is there.

Now imagine filling the capacity.

CURRENT PERFORMANCE

Annual Sales: Approx. \$197,000

Weekly Sales: Approx. \$3,800

Net Profit: \$28,172

Asking Price: \$56,344 + Stock

And these figures are being achieved with only one hair professional currently operating from the salon.

What could the business look like with a larger team?

UNLOCK THE UPSIDE

The next owner could potentially:

Fill the vacant styling stations with additional professionals

Introduce chair rental to create additional recurring income

Activate the beauty room through sub-leasing or additional services

Expand hair & beauty services to increase revenue per client

Build a larger team and increase salon capacity

Introduce premium retail products and create another revenue stream

Extend trading hours to capture more customers

Invest in digital marketing and attract new clients

The biggest opportunity may not be what the salon is doing today but what the next owner can do with what is already there.

A LOCATION THAT DOES THE WORK

Positioned on a busy main road within a vibrant eastern suburbs shopping strip, the salon benefits from strong visibility, parking and passing traffic.

Surrounded by established cafes, restaurants and retail, it's positioned in an area where people already live, work and shop.

THE QUESTION ISN'T "DOES IT MAKE MONEY?"

IT ALREADY DOES.

THE QUESTION IS: HOW MUCH MORE COULD IT DO?

For an ambitious salon owner, investor or beauty operator, this could be an opportunity to take an established business with significant unused capacity and build it into something much bigger.

The foundation is already there.

Now it's time to unlock the potential.
