Butcher Est 1883 - 11 Years Current Owner MAS279

A rare opportunity to acquire one of Sydney's most storied butcher shops, with roots stretching back to 1883 and eleven years of dedicated trading under its current ownership.
Located in Sydney's Inner West, the business has built an exceptional reputation over generations, drawing a loyal and repeat customer base through quality product and consistent, personal service across seven trading days.

Beyond the counter, the business holds a liquor license and retails a curated range of wines, adding a complementary revenue stream and a point of difference few butcheries can offer.

With strong profits and a 2+3 year lease, an incoming operator will step into a fully operational business with everything in place from day one.

This is a genuine walk-in, walk-out opportunity with real history, real numbers, and significant upside for the right buyer.

Early inspection is strongly recommended.
