Established Home Improvement Business - 6001

An appealing opportunity to acquire an established family business with more than 30 years of trading history, a broad product range and a strong reputation for personalised service. The retail showroom occupies a prominent, easily accessible position and is well-established.

Supplying and installing made-to-measure window furnishings, outdoor blinds and awnings as well as security screens for residential and commercial customers, the business benefits from repeat customers, referral relationships and consistent annual sales exceeding \$800,000 across the past four financial years.

Experienced support and predominantly weekday trading, this business is well suited to a hands-on owner, family operation or existing industry operator seeking an established business with scope to develop.

Building on four years of consistent sales, the business offers scope to grow through stronger digital marketing, commercial and referral partnerships, and additional sales to existing customers. Further developing the existing in-house manufacturing capability may also provide opportunities to explore wholesale supply and further improve margins, providing several avenues for future growth.
