Type: **Construction**

Premier Steel Building & Shed Sales NSW Northern Rivers

An exceptional opportunity has arisen to acquire a profitable, market-leading steel building and shed sale business operating in the booming NSW Northern Rivers region.

Part of one of Australia's most trusted and iconic national brands with over 35 years of heritage, this business delivers custom-designed engineering solutions across residential, agricultural, and commercial sectors. Operating with territory rights in a high-demand regional growth corridor, the business has built a solid local reputation for quality, dependability, and end-to-end project management.

Key Investment Features:

* Diverse Revenue Streams: Income split across residential garages/carports, large-scale rural machinery sheds/barns, and commercial warehouses.

* Premium Selling Points: Every structure features industry-leading site-specific engineering, ShedSafe accreditation, and an unmatched 50-year structural warranty that completely outclasses local competitors.

* Turnkey "Total Package" Model: Highly efficient business system that manages the entire pipeline for clientsfrom custom 3D design and council building approvals through to concrete slabs and final handover.

* Secure Australian Supply Chain: All structural components are proudly manufactured in Australia from high-quality Australian steel, ensuring rapid turnaround times and complete freedom from overseas freight disruptions.

* Northern Rivers Territory: Positioned perfectly to capitalize on the continuous regional migration, rural development, and light commercial expansion across the Northern Rivers district.

* Full Training & National Support: No prior construction experience is strictly necessary. The incoming owner will benefit from comprehensive initial training, advanced proprietary online design software, and ongoing marketing/operational support from a dedicated national head office.

This opportunity is ideally suited to an energetic individual, couple, or partnership looking for a profitable lifestyle change in the stunning Northern Rivers, or an existing trades/construction business looking to rapidly expand its footprint and scale with an elite national brand.
