Established Composite Decking Supplier - Brisbane 5994

Established Composite Decking Supplier - Brisbane

An excellent opportunity to acquire a profitable supplier of premium composite decking and associated products, servicing trade and residential customers across South East Queensland and beyond.

The business has developed a strong market presence and is supported by a professional website, established branding, a broad product range and a reputation for quality products and knowledgeable customer service.

Key features include:

- Average proprietor earnings of approximately $300,000

- Established and recognised presence within a growing market

- Trade and residential customer base

- Quality composite decking and complementary product range

- Strong online presence and lead-generation platform

- Well-established operating systems

- Significant stockholding supporting prompt order fulfilment

- Opportunities for further geographic and trade-account growth

- Suitable for an owner-operator or an existing building-products supplier
