* Chicken and veal dishes

* Seafood options

* Vegetarian choices

* Italian-style main meals

This provides franchisees with the opportunity to serve customers across multiple ordering channels rather than relying on one type of trade.

WHY CONSIDER A SOPRANO'S FRANCHISE?

* Multiple franchise opportunities across Melbourne and regional Victoria

* Established Italian food concept

* Broad pizza, pasta and main-meal offering

* Multiple customer channels including dine-in, takeaway and delivery

* Online ordering capability

* Established operating experience

* Suitable for hands-on owner operators

* Suitable for couples and family operators

* Opportunity for existing hospitality operators looking to expand

* Opportunity to build local delivery, takeaway and dine-in trade

 JOIN AN ESTABLISHED FOOD BRAND

Rather than creating an independent restaurant concept from the beginning, an incoming franchisee joins an existing food business with an established menu and operating identity.

The menu provides a broad mix of familiar and premium products.

MULTIPLE SALES CHANNELS

The existing Soprano's operation demonstrates several ways customers can purchase:

* Dine-in

* Takeaway

* Online ordering

* Pickup

* Home delivery

A franchisee therefore has the opportunity to build sales across several channels while developing a strong local customer base.

EXISTING STORE PERFORMANCE

Based on information provided by Soprano's, existing stores are achieving average weekly sales of approximately $20,000, with annual revenue exceeding $1 million in relevant operating locations.

These figures relate to existing operating stores and are provided only as general information about performance within the wider network.

Individual franchise results will depend on factors including location, owner involvement, management, staffing, operating costs, competition and customer demand.
