This well established and respected catering and food vehicle business is the best you will find. Catering to Weddings, Mining Companies, mining Camps, just to name a few.

Cracked Pepper Catering has an established and successful smoko run operating in Emerald, with an existing customer base, established systems and staff already in place.

The owners have now committed to other opportunities and are therefore offering the business for sale.

They are genuinely motivated to sell

* Currently husband and wife with staff in place. Husband works the food truck and wife runs the operation from the catering kitchen

* Been in operation for 6 years and now looking for a change as the children are now in Brisbane.

* This food operation is the best in the area with huge repeat business and continuous support.

* Well set up kitchen with exceptional lease terms

* Plant & Equipment are all in immaculate condition and no expense has been spared to ensure ease of operation.

* Food truck is almost new and cost in excess of $175,000 to set up.

* Some service to the public but not much as most of the income has been derived from functions and the food truck.

* Food wastage is almost nil due to it being mostly functions and can cater to the exact requirements.

* The current owners take home in excess of $250,000 per year, making this an exceptional opportunity for someone looking to acquire an established, profitable business rather than starting from scratch.

* And with existing staff already in place, the business doesn't necessarily require the new owner to be on the truck every day.
