Booming Backpacker Hostel (Freehold) Hervey Bay SS

Business for Sale Description

Booming Backpacker Hostel Business for Sale Hervey Bay QLD Asking: \$1,895M (Inc Freehold)

The Woolshed Backpackers in the beautiful and growing seaside city of Hervey Bay is now on the market for only the 2nd time in 18 years.

This highly successful freehold Backpacker/Accommodation facility is very well established and respected within the industry and is held in high esteem by its industry peers.

The property has 5 key buildings developed along the theme of an "Aussie Woolshed", nestled within 1 acre of lush tropical gardens and lawns which offers a unique outback experience to guests right in the middle of Hervey Bay.

All systems and procedures are in place to make this business an easy transition and figures show consistent growth over the years with potential to grow the business more by increasing capacity (subject to approval). Full tour/package booking facilities are operated online and from the office/reception for guests to experience the World Heritage listed Fraser Island, the best whale watching in the world, Great Barrier Reef excursions and all other East Coast adventures that may be on a guest's agenda.

This multi award winning Backpackers has the added benefit of an amazing private 2 story owner's residence that would be the jewel in the crown of this fantastic opportunity.

This is an outstanding and meticulously crafted Backpackers and we highly recommend your enquiry.
