### Light Freight; A Very Honest Days Pay For Honest Work- Business For Sale Ref #3496

#### Business for Sale Description

Light Freight Business for Sale Brisbane Asking: \$195,000 + SAV

This business offers contractual work providing freighting services for air-conditioning ducting around the local area with occasional longer trips thrown in.

It is clean work with light loads allowing you to spend nights at home after an early start and an early knock off.

It would suit a tradie who has tired of being on the tools or perhaps someone from the mines who has decided that the fly in fly out lifestyle has reached it use by date.

If you think you can live off about \$10,000 per month which is what this business makes and would like the security of a 3 year contract to back that up then it is worth looking at this business.

Included in the business is

- a Fuso 1024 Fighter purchased new in June 2017
- the wheel base has been extended and fitted with an 8m tray
- it has just done low kilometers
- it has just over 4 years left on the new vehicle warranty
- it has an automatic transmission
- It is 10.4T GVM and has a payload of 5.5T. Although weight is never an issue as the loads are bulk not weight.

Asking Price: \$195,000 + WIWO
