Profitable Hire business- TFH Sunshine Coast

Highly Profitable with good returns

Very High Barriers to entry

Servicing the Booming Sunshine Coast Region

Simple business to operate with minimal staff

Hiring temporary fencing with the opportunity to add more hire items.

For over 40 years, TFH have been the leaders in the hire of temporary fencing for construction and events with over 38 branches across Australia. Their business is growing beyond fencing and now TFH also provides portable toilets, event flooring, skips bins and a range of other associated products.

Being offered to the market is the Sunshine Coast Branch which continues to grow month after month. Over many years, they have built a large and loyal customer base that delivers consistent revenue and strong profitability.

The business is extremely simple to operate and employs minimal staff so anyone can step in and start running the business on day one. It also offers an owner flexible working hours, some time off during the year and the ability to get out and about. With strong head office support in an industry that has high barriers to entry, you'd be hard pressed to find an opportunity with the security and growth prospects of this.

The Sunshine Coast is forecast to continue booming for decades to come and this is ideal opportunity to take over a business that ticks so many boxes.
