## Profitable and Leading Commercial Collections and Repossession Business for Sale

### Business for Sale Description

Commercial Collections and Repossession Business for Sale Sydney Asking: \$1,065,000

First time offered is this independently owned business that is a licensed Repossession and Investigation company specialising in Field Services and more specifically Repossessions. They are the leading Repossession Company between Sydney, Central Coast, Newcastle and the Hunter region and enjoy a continually growing market share. The business provides services to national contract holders eliminating the need to engage directly with finance companies. Work is sent directly to this business without the need for any marketing or solicitation.

The business runs at arm's length so it presents itself as a suitable opportunity for astute investors with trained staff currently in place or a new owner to work in the business as they see fit.

The EOFY2018 results have again increased over the previously successful year providing over \$316,000 adjusted net profit to the owner who doesn't work in the business he simply acts as the occasional sounding board to the staff and transfers the payroll.
