Earth Moving and Excavation Business For Sale

Business for Sale Description

Earth Moving and Excavation Business for Sale Coffs Harbour Sydney Asking: \$562,800

Earth Moving and Excavation Business Price Increase Due to the work load this business is currently experiencing, they have had to purchase new equipment which has increased the sale price.

All reasonable offers considered Owners want to retire and travel this great country now!
Established for over 25 years, this profitable business is offered for sale. Located on the beautiful Mid-North Coast of New South Wales this business has a very established customer base with excellent turnover. Live and work in a very special part of NEW SOUTH WALES

Most of the work involves civil construction projects, excavation and general earth moving within a 100 km radius of Coffs Harbour.

There are several Excavators and Trucks, Skid Steers and Loaders all regularly maintained and in good condition, which are all included in the purchase price.

Owner mostly manages the business, only filling in when required to do so and lend his expertise to difficult projects if requested by the customer.

They have a very experienced and skilled team of drivers and operators who are happy to continue employment with the new owner and they know the importance of a satisfied customer.

This earth moving and excavation business would also interest an existing similar business looking to expand in this area or from another area.

Exceptional relationships established with both customers and suppliers over the years and a very good reputation with in the industry. Preferred contractor to several building companies.

There is an opportunity for future growth with diversification of the existing business and an ever increasing Mid North Coast population allow growth and continuity of work.

Reliable equipment and staff insure happy customers with projects finishing on time and on budget. Having different equipment specifically suited to your project is also an important factor in job completion and cost.

Good cash flow, profitable with lots of work

Be your own boss and take this business to the next level of excellence and income.

Owner happy to do extended training and subsidise the rent for 12 months
