- * First time available for sale

This outstanding business has been established for over 25 years and sales and profits just keep going up year after year. They sell products used by hundreds of businesses everyday and have built a blue chip client base from a variety of different industries across but there is still huge opportunities to take this further

Customers are serviced by an experienced sales force and order on a frequent basis so sales are consistent throughout the year. They sell business to business only and they don't promote their products to the general public.

Trading 5 day a week from a very central location, there are no specialised or trade skills required and would be ideally suited to someone looking to keep up the businesses strong levels of service and trust.

There is still enormous potential for growth as there are plenty of customers that they are not servicing at the moment and the market for growth is huge. A genuine seller is ready to retire, but is committed to ensuring the business succeeds into the future.

A closer look at the business will prove this is a very rare opportunity and will tick the boxes that most business buyers are looking for. Call now to find out more and set up your financial future.
