*Established 1996....

Services include warehousing, transport, distribution, real time inventory control, de-consolidation of containers, storage and a total e-commerce package. A sophisticated computerised warehousing system ensures control and security for customer's products from the point where they are received until delivery to destination. The operating procedure is best practice and the company has a detailed operations and procedures manual.

Business Resources

Operating from premises close to Port Botany and the airport with quick and easy access to the CBD the business operates 5 days a week. The warehouse is extensively equipped to operate the business exceptionally well. All assets are included in the purchase price.

The well-established commercial customer database includes an impressive range of blue-chip businesses. Approximately 50% of clients have been with the business for 10 years or more ensuring a recurring, stable income stream.
