Business for Sale Description

Busy Mobile Food Truck Business for Sale Burleigh
Heads QLD Asking: \$120,000

This one of a kind business is a Gold Coast based food truck and diner serving gourmet food and good vibes, from Brisbane to Byron Bay. This amazing food truck opened in 2013 and quickly became wildly popular due to its tasty eats and the guaranteed good times people came to expect from the crew. The business began its' journey serving food to hungry local market goers but has expanded over the last five years to cater to hundreds of people weekly at both public and private events. The menu caters to all tastes including both vegan and gluten-free options.

Even throughout the Covid-19 lockdown era the business has continued to perform well. Gross revenues from the current financial period are understandably slightly down on last year, but the business is still at a very stable level and continues to provide an excellent annual net income of over \$90,000pa for the owner after all expenses.

The businesses website generates hundreds of new clients each month and continues to provide a steady stream of enquiry for wedding bookings, parties, and events.

After an enjoyable tenure, the owner is now looking to relocate to Victoria with his partner and looking to pass on the Food Truck, Business, website, and recipes to a new operator.

The food truck represents an excellent opportunity for an incoming buyer to benefit greatly from the huge amount of work that has been put in to establish this fantastic business.
