SUPPLY AND INSTALLATION OF PET DOORS, SAME VENDOR 27 YEARS

Listed exclusively with our agency is an outstanding business opportunity in Pet Doors. Started by the current vendor 27 years ago and the preferred supplier to many Australians, chances are the pet door in your house was supplied and installed by them. Importing various sizes, shapes and types of pet doors for resale at the business premises or online, along with installation in homes, this business is simple and highly profitable. No special trades are needed to be able to install pet doors, which are installed into all types of doors, security screen, walls and even glass. There is a huge demand for Pet Doors as pet ownership in Australia is one of the highest in the world. Customers love their pets and want to be able to make sure they have the freedom to come and go while the owner is not home. These pet doors are the best on the market, and demand for them is growing. The current vendor installs close to 1000 jobs per year, and is happy to continue installing alone. Throughout his younger years and managing staff, they were installing over 4000 per year. Outstanding factory set up in Melbourne, about 10kms from the CBD with rent at only \$1800 per month. Sale of business includes all equipment and Toyota van. Impressive setup and business operation. If you are considering a business for 2021, speak with the listing agent for business details. Priced accordingly, full training provided, ability to really ramp up operations and grow the business.
